

Improving Plant Reliability

Management Challenges:

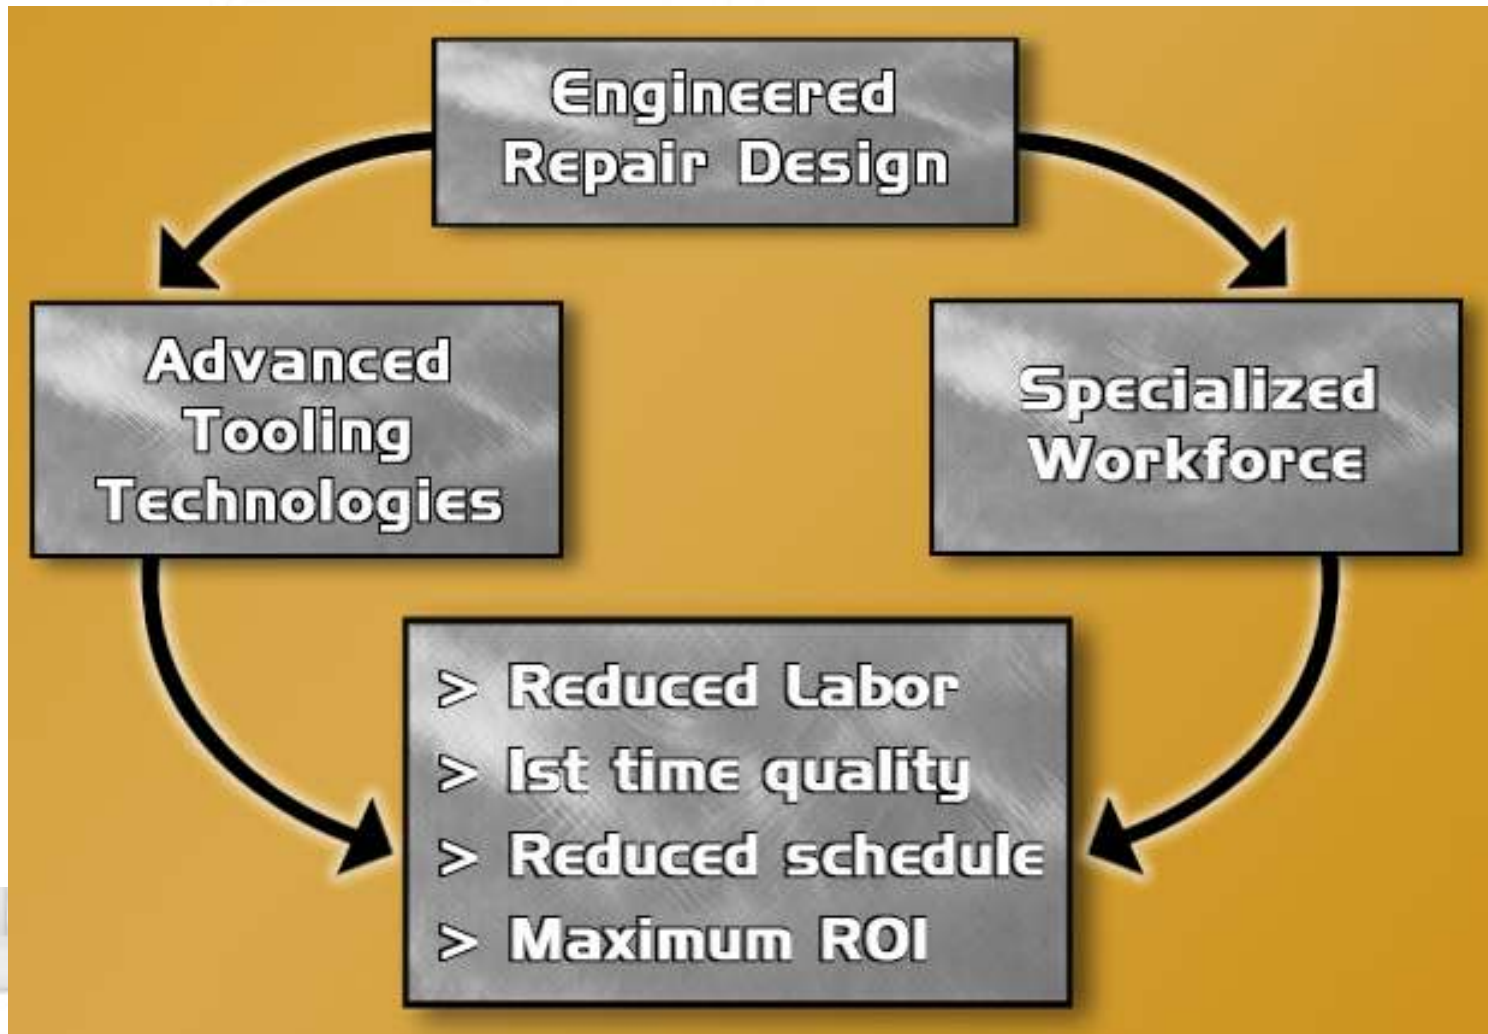

- Reduced Outage Schedules
- Increased Duration Between Outages
- Increased Labor Demand
- Reduced Labor Supply
- Lean Organizational Structure
- Aging Plant Infrastructure

Mission Statement

To provide our customers with innovative, economic-driven alternatives to O.E.M. and general contracting resources for mechanical maintenance and modification requirements. WSI will be the premier resource for these services.

Mission Statement

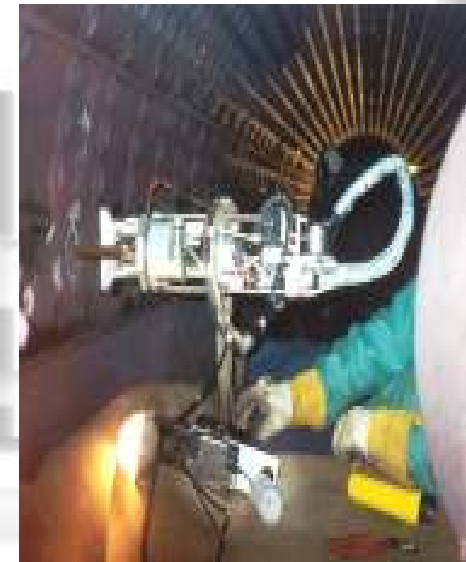

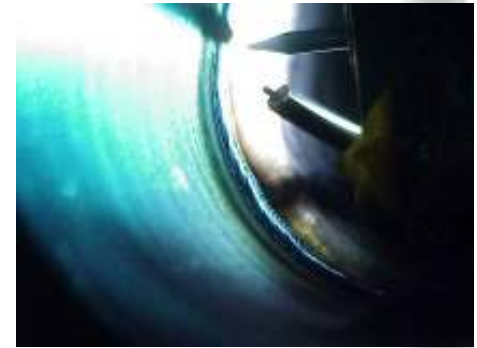

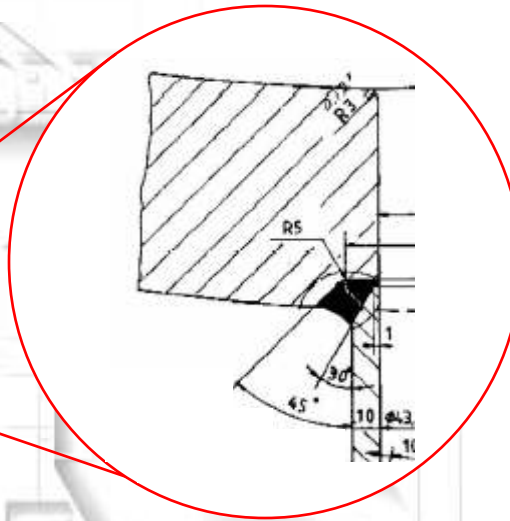

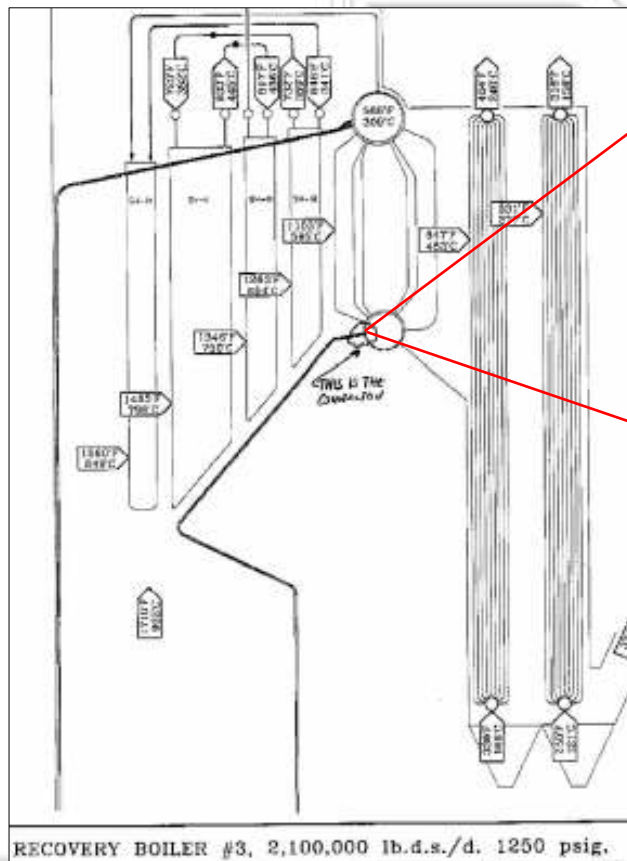

Company Background

- Started in 1978
- Heavy reinvestment philosophy
- Commitment to industry leadership
